

Oxley Primary School

PE and Sports Premium Impact Report 2017-18

In 2017-18, the school received **£17,930** to be used to support sustained improvements to the provision of PE and sporting activities for our pupils. In addition, **£5358** of previously unspent money was brought forward into this year. **Total funds available: £23,288**

Principles for allocation of PE and Sports Premium at Oxley Primary School:

- The money is spent solely for the purpose of improving provision of PE and Sport.
- Sustainability is achieved through investing in high quality training for teaching staff.
- Pupils need access to specialist coaching in order to maximise the breadth of opportunities available to them.
- Clear accountability for funding so that its use is carefully monitored and the impact tracked.
- Governors are fully involved in decisions about how the premium is allocated and monitored.

Objectives in spending:

- The school aims to increase participation in physical activity for its pupils, particularly through encouraging those who have previously been reluctant to do so.
- To provide high quality CPD for teaching and support staff so that they are able to deliver effective PE and Sports lessons.
- To widen the opportunities for pupils to participate in sports competitions.
- To encourage pupils to adopt healthy lifestyle choices that will sustain them into adulthood, with a particular focus on those pupils who have previously been reluctant to take part or lacked opportunity.
- To provide specialist sports coaching to pupils to improve their skills and develop their enjoyment of a range of sporting and physical activities.

Impact of expenditure

Item/project	Cost	Outcomes																																	
Membership fee for Team Charnwood.	£750	Pupils took part in the following inter-school competitions:
